CyberProtex

Capability Statement

Cybersecurity • Compliance • Technical Training
Huntsville, Alabama • Since 2012

Company Overview

CyberProtex is a Huntsville-based cybersecurity and technical training firm serving the Department of Defense, federal civilian agencies, and the defense industrial base. Since 2012 we have delivered RMF, compliance, managed security, and instructor-led training to every U.S. military branch, DHS, and civilian agencies, with practitioners who perform the same work they teach.

Core Competencies

- **Risk Management Framework (RMF):** control implementation, documentation, and eMASS package support
- **Compliance:** NIST SP 800-171, DFARS 252.204-7012, SPRS scoring, and CMMC readiness
- **Managed security:** 24/7 SOC monitoring with Microsoft Sentinel and Defender
- **Microsoft 365 GCC / GCC High:** security hardening and migration for CUI environments
- **Technical training:** instructor-led cybersecurity, certification bootcamps (CISSP, Security+), cloud, VoIP, MBSE, onsite or virtual
- **Exercises:** cybersecurity tabletop exercises and critical infrastructure cyber resiliency workshops
- **Accessibility:** Section 508 compliance remediation

Past Performance

U.S. Navy	Risk Management Framework services; Model-Based Systems Engineering training
U.S. Marine Corps	IT course training and certification (IDIQ)
U.S. Air Force	Cybersecurity bootcamp training; VoIP training
U.S. Army	Security Onion and web application security training
U.S. Coast Guard	Microsoft 365 training
DHS / FEMA Region II	Five critical infrastructure cyber resiliency workshops
Social Security Admin.	Role-based cybersecurity training
HHS / FDA	Section 508 compliance remediation
DOT / FMCSA	Research and technology support (IDIQ)

Differentiators

- **Mission-local:** minutes from Redstone Arsenal, in the UAH Invention to Innovation Center, Cummings Research Park
- **Practitioner-led:** the engineers who run our SOC and RMF work also teach our courses
- **Proven breadth:** delivered for Navy, USMC, Air Force, Army, Coast Guard, DHS, and civilian agencies
